

daryl seitchik, Wilder, VT.

I am beyond excited to hear that the town is considering opening up pedestrian access across the Wilder dam from VT to NH. I live in Wilder, less than a half mile from the dam. Directly across the river is one of the greatest hiking and swimming spots in the region -- Boston Lot. I always thought it was a shame we had to drive 15 minutes to get there when we could practically see it from our house. Opening up pedestrian access to the dam would give residents of Wilder the huge gift of greater access to nature and recreation, without having to rely unnecessarily on cars, and by extension, fossil fuels. I highly support this proposal, and would enthusiastically volunteer my time to help make it a reality!
