

Johanna Mirenda, Wilder, VT.

I live in Wilder village. My husband and I bought our home here in 2015. The public parks, trails, and river access along Kilowatt are an important and beloved part of our daily life here in Wilder. We walk our dog to the park almost every day, year-round, and enjoy recreating along the river. It's a huge part of why we moved here and continue to love living here. I encourage and support any efforts to continue and expand the recreational opportunities for our community.

In particular, We strongly support an effort to open a walking path across the river to connect Kilowatt park to Boston Lot park across the river.

thank you!  
Johanna Mirenda,  
Wilder VT
