Concord NH 03301

Reference: Postponement of October 15, 2013 Technical Meeting

Dear Mr. Ragonese:

On September 18, 2013, we notified you regarding our October 15, 2013 technical meeting to be held at the Marlboro College Graduate School, in Brattleboro, Vermont. The technical meeting is intended to discuss the effects of decommissioning the Vermont Yankee Nuclear Power Plant on your proposed aquatic studies for the relicensing of the Wilder, Bellows Falls, and Vernon Hydroelectric Projects. However, due to the federal government shutdown, the federal resource agencies may not be able to attend. As a result, we will postpone the technical meeting until further notice. We will provide specific details on the rescheduling of the technical meeting after the conclusion of the government shutdown.

If you have any questions regarding the postponement of the technical meeting please call Ken Hogan at: (202) 502-8434 or email him at: Kenneth.Hogan@ferc.gov.

Sincerely,

Timothy J. Welch, Chief
West Branch
Division of Hydropower Licensing
