RE: TransCanada Hydro Northeast Inc. - Federal Relicensing of Wilder, Bellows Falls and Vernon Hydroelectric Projects

Dear Mr. Ragonese:

The Division of Historical Resources (Division) is in receipt of the "Notice of Intent to File Application for New License and Pre-Application Documents" for the above cited hydroelectric projects. The information provided in the documents are thorough and as the process proceeds the Division looks forward to the development of the Memorandum of Agreement and providing comments on the Historic Property Management Plans (HPMP) for the Wilder and Bellows Falls Projects. The Division understands that TransCanada will continue to implement the procedures in its' approved HPMP for the Vernon Project.

Thank you for providing the Division an opportunity to become involved with the relicensing process and the development of the HPMP for the Wilder and Bellows Falls Projects. As in past projects, the Division looks forward to working with TransCanada..

Sincerely,

Edna Feighner
Review and Compliance Coordinator, Archaeologist
