Re: TransCanada Hydro Northeast Inc., ILP Updated Study Report Meeting Schedule for Project Nos. 1892, 1855, and 1904

Dear Secretary Bose:

TransCanada Hydro Northeast Inc. (“TransCanada”) is the owner and licensee of the Wilder Hydroelectric Project (FERC No. 1892), the Bellows Falls Hydroelectric Project (FERC No. 1855), and the Vernon Hydroelectric Project (FERC No. 1904). The current licenses for these projects each expire on April 30, 2019. On October 31, 2012, TransCanada initiated the Integrated Licensing Process (“ILP”) by filing with the Federal Energy Regulatory Commission (FERC or Commission) its Notice of Intent to seek new licenses for each project, along with a separate Pre-Application Document for each project.

In accordance with the Modified ILP schedule issued December 21, 2012, TransCanada is expected to file its Updated Study Report (“USR”) on September 12, 2015. Because September 12, 2015 falls on Saturday, TransCanada intends to file the USR with the Commission no later than Monday, September 14, 2015. Within 15 days of filing the USR TransCanada must hold its USR Meeting. Based upon scheduling consultation with FERC relicensing staff and previous selected dates for similar USR meetings for First Light Project No. 1889 and No. 2485, TransCanada will hold its USR meeting from 9:00am – 4:30pm on Thursday October 1, 2015 in the Vermont Conference Room of the Fairfield Inn and Suites, 102 Ballardvale Drive, White River Junction, VT. If a second day is required to complete the USR Meeting, it will be held on Friday October 2, 2015 in the conference room at TransCanada’s River Operations Center at Wilder Dam in Wilder, Vermont, from 9:00am – 4:30pm. Please
