**Re: TransCanada Hydro Northeast Inc., ILP Study Report Meeting Schedule for
Project Nos. 1892, 1855, and 1904**

Dear Secretary Bose:

TransCanada Hydro Northeast Inc. (“TransCanada”) is the owner and licensee of the Wilder Hydroelectric Project (FERC No. 1892), the Bellows Falls Hydroelectric Project (FERC No. 1855), and the Vernon Hydroelectric Project (FERC No. 1904). The current licenses for these projects each expire on April 30, 2019. On October 31, 2012, TransCanada initiated the Integrated Licensing Process (“ILP”) by filing with the Federal Energy Regulatory Commission (FERC or Commission) its Notice of Intent to seek new licenses for each project, along with a separate Pre-Application Document for each project.

In accordance with the Revised ILP schedule issued September 14, 2015, TransCanada will be filing Study Reports that have been completed, on March 1, 2016. Within 15 days of filing the Study Reports TransCanada must hold its Study Report Meeting. Based upon scheduling consultation with FERC relicensing staff and a similar Study Report meeting scheduled for First Light Project No. 1889 and No. 2485, TransCanada will hold its Study Report meeting from 9:00am – 4:30pm on Thursday March 17, 2016 in the conference room at TransCanada’s River Operations Center at Wilder Dam in Wilder, Vermont. If a second day is required to complete the Study Report Meeting, it will be held on Friday March 18, 2016, from 9:00am – 4:30pm at the same location. Please park in the area to the right of the access road before you reach the fence and building. Please wait for someone to open the gate as this is a NERC-secure facility.

Kimberly D. Bose, Secretary
